A Welcome from the State President

You are invited to join us as part of the Texas Community College Teachers Association. We are the largest post-secondary education organization in the state—and growing!

Our jobs as two-year college educators are more important than ever. Community and technical colleges are not only the affordable portals to higher education, but “ground zero” for the workforce training that is reshaping lives in this challenging

economic climate.

TCCTA has been effectively representing our interests, and providing resources that make us better at what we do, for more than 63 years. We are THE professional association for community and technical college educators in Texas.

Join TCCTA today. We believe in the power and leadership of community colleges and community college educators. We celebrate our successes in creating opportunities for all of our students. And we never stop working to build a better future through education.

I look forward to welcoming you to TCCTA.
